TO LOUISE SPENCER

UPON HER BE BAHÁ-EL-ABHÁ!

HE IS GOD

O THOU LAMP IGNITED BY THE FIRE OF THE LOVE OF GOD!

I ask God to make thee a sign of love, standard of agreement, means of union  
and  
harmony, and spreader of peace among the people.

O Maid servant of God: Strive with all thy powers in diffusing the spirit of  
real union among  
the people. So that all who are on earth become one family, loving, united  
agreed, bound  
by the bonds of love and united with all harmony in all things and conditions.

Verily I chanted thy poem. It's significance was beautiful, it's composition eloquent and it's words excellent. it was like the melody of the birds of holiness in the paradise of El ABHÁ. The breasts of the maid-servants of the Merciful were exhilarated by it's chanting. Blessed art thou for uttering forth such an excellent poem and brilliant pearl. Verily these verses shall be sung in the divine meetings and in the Assemblages of Spirituality in the course of ages and centuries to come for thou has uttered the praise of thy Lord - the Merciful the Clement. All poems shall be forgotten in the course of time save those that are extraordinary. Thy poems shall be chanted with melody and best voices in the center of Worship (Mashriqu'l Adhkar) forevermore.

Verily I read thy (new) poem which contained new significance's and beautiful words. My heart was dilated by its eloquent sense - I prayed God to make thee utter more beautiful compositions than this. Thus thou mayest be the first to praise the Beauty of El ABHÁ and the first to utter His Name among the women. Chant the verses of Guidance among the people and commence the composition of melodies of great beauty and effect in glorification of the generous Lord.

We sent thy poems to all countries so that the friends of God may remember thee and pray for confirmation and aid in this great Cause in thy behalf.

O! Thou bird of pleasing tones!

Thy little book of poems which are very sweet was received. It was a source of joy for it was a spiritual anthem and a melody of the love of God. Continue as long as thou canst this melody in the gatherings of the beloved of God. Thus may the minds find rest and become in tune with the love of God. When eloquence of expression, beauty of sense, and sweetness of composition unite with new melodies the effect is ever great, especially if it be the anthem of the verse of oneness and the songs of praise to the Lord of Glory.

Endeavor your utmost to compose beautiful poems to be chanted with heavenly music.

Thus may their beauty affect the minds and impress the hearts of those who listen.

O THOU DAUGHTER OF THE KINGDOM

Thy letter was received. Although the dove and nightingale, both of them are two sweet

singing birds, yet in the East, especially in Persia, they call the nightingale a sweet singing

bird and in natural singing they prefer it to all the other birds.

I call thee a Sweet-Singing-Bird o that in the Rose Garden of Significance's  
thou mayest  
raise the harmony and melody of Truth. That the birds of the Kingdom may soar  
upward  
and become the means of kindness and union between different communities and  
nations.

The attraction that thou has in thy heart is through the power of the Magnet of  
the Love of  
God. That is thou has become the wooer of the Heavenly Beloved One and  
surrendered  
thy heart to the Beauty of ABHÁ.

Praise be to God that thou art delivered from attachment to this terrestrial

attached thy spirit to the Realm of the Kingdom.

Exercise the utmost kindness on my behalf towards Mr. Windhurst.

HE IS GOD

O THOU DAUGHTER OF THE KINGDOM!

Thy letter was considered on account of the lack of time a brief answer is given.

The Spiritual Assemblies which are organized for the sake of teaching the Truth whether Assemblies for men, Assemblies for women or mixed Assemblies are all accepted and are conducive to the spreading of the Fragrance of God. This is essential. Likewise the public meetings in which one day during the week the believers gather to be engaged in the commemoration of God, to read communions, and deliver effective speeches is acceptable and beloved. But now it is utterly impossible to establish the House of Justice which is mentioned in the Book of Aqdas. Nay rather it is impracticable and not to be thought of. That is for the time when the Cause is proclaimed and the commands of God have become effective. Therefore, now is not the time for the House of Justice which must be established by general election. Its mention is not permissible and its realization impossible. Endeavor ye as much as possible that differences may not arise in the affairs. Let not every insignificant matter become the cause of disagreement. If such conditions exist the end will be complete dispersion.

The believers and the maid servants of the Merciful must all consider how to produce harmony, so that the unity of the human world may be realized - not that every wholly unimportant subject become conducive to differences of opinion. It is my hope that the friends and maid servants of America become united on all subjects and not disagree at all. If they agree upon a subject even though it be wrong it is better than to disagree and be in the right, for this difference will produce demolition of the Divine foundation. Though

one of the parties may be in the right and they disagree that will be the cause of a thousand wrongs, but if they agree and both parties are in the wrong - as it is unity - the truth will be revealed and wrong made right.

Tablet on Marriage

The first time 'Abdu'l-Bahá uses my new name he gave me.

To the maid servant of God Shahnaz (Louise R. Waite)

Upon her be BAHÁ'o'llah

HE IS GOD

O THOU BELOVED MAID SERVANT OF GOD!

Thy letter was received and its contents became known. Among the majority of the people marriage consists of physical relationship and this union and relationship is

temporary for  
at the end physical separation is destined and ordained. But marriage of the  
people of  
BAHÁ must consist of both physical and spiritual relationship for both of them  
are  
intoxicated with the wine of one cup, are attracted by one Peerless  
Countenance, are  
quicken with one life and are illumined with one Light. This spiritual  
relationship is an  
everlasting union. Likewise in the physical world they are bound together with  
strong and  
unbreakable ties. When relationship, union and concord exist between the two  
from a  
physical and spiritual standpoint - that is the real union, therefore,  
everlasting. But if the  
union is merely from the physical point of view unquestionably it is temporal  
and at the end  
separation is inevitable. Consequently when the people of BAHÁ desire to enter  
the sacred  
union of matrimony eternal connection, ideal relationship, spiritual and  
physical association  
of thoughts and conceptions of life must exist between them so that in all the  
grades of  
existence and in all the worlds of God this may continue forever and ever. For  
this is real  
union and is a splendor of the Light of the Love of God. Likewise if the souls  
become real  
believers they will find themselves ushered into this exalted state of  
relationship becoming  
the manifestation of love of the Merciful and exhilarated with the cup of the  
love of God.  
Undoubtedly that union and relationship is eternal.

The souls who sacrifice self become detached from the imperfections of the  
realm of man  
and free from the shackles of this world - assuredly the splendors of the rays  
of the Divine  
Union shall shine in their hearts and in the Eternal Paradise - they shall find  
ideal  
relationship and happiness.

Your former song was translated into Persian verse by the maid servant of God Taere Khanum. It is one with great beauty and eloquence. The translation is enclosed herewith.

When thou were in Acca I told thee clearly of this fact. It is assured that you

and shall  
behold persecution and oppression. This has happened in every age. During the  
days of  
His Highness Christ the Jews persecuted and oppressed the apostles and heaped  
upon  
them continually with scorn. But they overcame and withstood all the rest  
through firmness  
and steadfastness. In the same manner you shall at last gain victory and become  
triumphant in such wise that all will arise in praise of you and will give you  
the utmost  
glorification and commendation. During the Day of His Manifestation, His

Among some of the Nations of the Orient music and harmony was not approved, but the Manifested Light (Bahá'u'lláh) in this glorious period has revealed in the Holy Tablets that singing and music are the spiritual food of the hearts and souls. Thy letter was received. Thou hast asked concerning the notes which thou has written.

These notes are the cause of the encouragement of the believers of God in the construction of the Mashriqu'l-Adhkar therefore, the more they are published and

circulated the better it is. I have not time to write more than this. Convey spiritual greetings

to all the friends and the maid servants of the Merciful. Correspond continually with the favored maid servants of God - Lady Bloomfield and Miss Rosenberg.

O THOU SWEET SIGNING BIRD SHAHNAZ OF THE BAHÁ'ÍS

the fragrant flower that thou hast sent from the land of the Mashriqu'l-Adhkar is at this very moment in my hand and I am inhaling its sweet perfume.

If on Sundays you got to the grounds of the Mashriqu'l-Adhkar and raise the melody of the Kingdom of God for those who are present it is very acceptable. But you must speak to them with infinite kindness that it may exist such a love in your midst that it will influence them. Then they will see with their own eyes that you are distinguished from the rest of mankind, that you are overflowing with ecstasy and acclamation and filled with attraction and joy especially thy self because thou has the harp and lyre and art efficient in music. when the earthly music is joined with the heavenly music such happiness and acclamation becomes revealed in the hearts that the spirits will soar heavenward.

Message sent through Ahmad Sohrab from 'Abdu'l-Bahá, Ramleh, Egypt - Sept. 25, 1913

My very dear Bahá'í spiritual sister,

The other day I received your kind letter of August 30th and I was going to

write to you at  
the command of the Beloved - it came just at the right time. Before giving you  
His loving  
message I must assure you that the Beloved has great spiritual love for you.  
Let no one in  
any way suggest to your mind any other idea.

Now as regards the message of the Beloved. Lately a number of young Bahá'í  
students of  
the American College have come to visit the Beloved. Your Bahá'í poems and  
hymns  
having been translated into Persian and set to poetry by two most wonderful  
Bahá'í poets,  
are memorized by these students and sung in the chorus. They sang the hymn of  
"ALLAH'O'ABHÁ" before them. These poems are sung all over the Eastern  
Assemblies by  
men and women with joy and gladness. He said write to Shahnaz give her my  
wonderful  
Bahá'í greetings and write to her "see how your poems are read and chanted by  
the  
Eastern Nations with love and affection. Through the favors of Bahá'u'lláh  
your name is  
well know and these people although they have not seen you, they have grown to  
love  
you. This is the bestowal of the Blessed Perfection for which you must be very  
thankful."

All the students send you love and Bahá'í greetings and wish you long life  
and many  
blessings. May you write many more Bahá'í poems to cheer the hearts and  
inspire the  
souls with the Love of God and the love of humanity.

Your sincere brother in the Cause, Ahmad

From Ahmad's Diary - writing of these students he writes:

"Every one of them speaks English. They sing the Bahá'í songs and chant most  
beautifully  
the Tablets of Bahá'u'lláh. The Bahá'í songs and anthems of Mrs. Waite  
(Shahnaz) are  
translated in Persian and versified by two of our greatest poets in Tehran.  
These they sing  
with great feeling and emotion. All over the East the poems of our American  
nightingale, as  
the believers tenderly call Mrs. Waite, in their poetic language, are sung by  
the young men  
and women. She is loved and honored because she is the poetic voice of the West  
crying

in the wilderness of cold skepticism and summoning all the members of humanity  
to peace  
and love. How happy she would be, how glorified she would become, how her eyes  
would  
be filled with tears of joy if she could listen for one moment to the melodious  
voices of  
these Eastern brothers singing her songs with live understanding and sympathy.  
Through  
this happiness she could soar to the heaven of divine nearness."

Message from 'Abdu'l-Bahá through Ahmad Sohrab:

I told the Master about your trip to Minneapolis. He was made very happy to  
hear from you  
and said "tell her that I will pray for her so that she may become more than  
ever assisted in  
the promotion of the Cause of God. This is the most important work. The angels  
of the  
Supreme Concourse shall assist her, the Powers of the Holy Spirit shall confirm  
her."

Extract from letter from Mr. Getsinger:

We were three weeks in Haifa. The little children of the Holy family and of the  
believers  
have learned Mrs. Waite's songs translated into Persian. And in the evening  
when the  
believers gather their little ones sit down on the divan all anxious to be  
called upon in turn  
to sing these songs. Also the Bahá'í students of Beirut College have formed a  
glee club  
and there they sing her songs. The friends in Persia are learning this version  
of them.

Thy letter and the Unity Magazine was received. Today the press of the world belonging to various Nations have taken the opportunity to publish the addresses of the believers of God and are printing them in their magazines. Consider the power of the Cause of God that the outsiders like unto the friends are engaged in the promotion of the Cause of God and are glorying in this distinction although they do not claim to be Bahá'ís.

The Dispensational Day of none of the Holy Manifestations of the Cause of God has been so powerful as the Day of Bahá'u'lláh. This is the distinguishing mark of His Holiness

Bahá'u'lláh because the friend and stranger are engaged in the glorification of this Cause.

And the believers and unbelievers are acknowledging the majesty and Grandeur of this

Religion. This is indeed a bestowal on the part of my Lord.

From Ahmad's Diary

Tiberias Sea of Galilee Syria

"It was in one of these mountains surrounding the sea that when Christ saw great multitudes of people following Him He went up in a mountain and delivered the wonderful Sermon of Beatitudes. Indeed this is a hallowed token in the glorious Land of Promise and Divine Performance. The peaceful scene of the opening career of the Redeemer, the cradle of the Teachings, the country of His Disciples, His chosen retreat when He hid Himself from His foes. The landscape is felt strongly by many travelers and is reflected in simple story of the Evangelists. We are carried back to the life on its shores by the parable of the net, by that of the lost sheep, by the image of the sheep-fold and the beautiful lilies. These flowers more glorious than Solomon's purple still abound and now He has come back again to people once more to these shores with sacred teachings and spiritual healings. As I write it here so that you may sing it in memory of the spiritual days that I shall live near the Master, and probably our dear Mrs. Waite will compose a new song with a new message.

"Each gentle dove and sighing bough that makes the eve so blessed; to one has something from Divine bow. It brings me back to Galilee. O Galilee! Sweet Galilee! Where Jesus loved so much to be. O Galilee! Sweet Galilee come thy song again to me."

O THOU SWEET SINGING BIRD!

Thy letter was received. From its contents it became evident that thou has moved from Chicago to Los Angeles. Praise be to God that thou art engaged and confirmed in the services of the Kingdom of God. With a sweet melody thou art imparting joy and exhilaration to the souls and in the meetings. Stir and move the audiences through the

heavenly call.

Arise thou and offer due thanks for this bounty because thou art assisted in such a great Cause. The results of thy services thou shalt find in the Divine World, the limitless Universe of the True One. Their fruits will likewise become apparent ere long in this world.

I praised the article that thou has written concerning the Mashriqu'l-Adhkar. Thou has taken much trouble in the correspondence of numbers. The digit 9 is the perfect number and other higher numbers are the repetition of 1 to 9. For example 10 is the repetition of number 1. 20 is the repetition of number 2. 100 is the repetition of number 10. 1000 is the repetition of 100 ad infinitum. Consequently the most perfect and the greatest digit is number 9. Extract as far as thou canst the hidden significance from number 5 and 9. thy reasoning and thy power of thought are very penetrating.

Thy poem "Sons of God" that thou hast forwarded was in reality very wonderful, sweet, eloquent, fluent and its meanings all thrilling. Strive thou in the composition of such pieces so that at all times the pure river of poesy may flow from thy tongue. The maid servant of God was ascended to the Divine Kingdom: Taere wrote a matchless translation of their poems. She always translated them into Persian poetry which made them very beautiful.

Keep the letters that she has with herself for many letters mailed from America do not reach us. Praise be to God that the meetings in Los Angeles are in the utmost state of unity and concord. This news brought to us great happiness. Convey on my behalf to each and all of the believers my loving greetings and kindness.

Thou has written about Ella Wheeler Wilcox. The respected lady has infinite capability. She is like a lamp filled with oil which no sooner comes in contact with fire that it is aglow.

Now it is thus hoped that she may become enkindled with the Fire of the Love of God and her Torch become so luminous as to illumine all directions. A letter is written

her name.

Deliver it to her.

Upon thee be greetings and praise

O THOU DEAR MAID SERVANT OF BAHÁ'U'LLÁH!

The letter thou has written to his honor Mr. Tudor Pole was perused. It is just what thou

has written, namely that the question of supreme importance center around promulgation of the Divine Teachings. This is conducive to amity among all denominations and races that dwell on the earth, it links together the East and the West, bands closely together the North and the South pillars of the pavilion of the Oneness of the world of humanity, lays the foundation of universal peace, emancipates mankind from the gloom of the world of nature, and elevates it to the illumination of the Kingdom, secures freedom for all the hearts, and gladdens the souls with the glad tidings of God.

As to the question of reincarnation of which thou has inquired it is better for thee to refer to the Book of Certitude (Ighan) revealed through the Supreme pen where the question is fully treated. This is the explicit text of the Divine Utterance and therein thou shall find that it has been manifestly declared that by "return" is meant the "return of human perfection's and Divine Illumination". The Book of Ighan has been translated and possesses the decisive verdict. Consider and peruse it with the utmost carefulness.

Concerning childish activities of some which you have written about. Praise be to God thou has been able to fulfill admirably thy mission. Thou hast armed with the power of the Covenant resisted and surmounted these unwise and foolish attempts. Thou has protected the Cause of God and has striven to expose and reveal the Truth to the people of that region. These people are like unto children at every hour they exhibit a fresh and puerile attempt, but all that is likened to a ripple on the surface of the water. Ere long thou shall consider that no sign and no trace shall remain there from.

The ocean of the Covenant shall send forth a wave that shall disperse and throw out these foams. Consider thou at the time of Christ and think how many childish attempts have been made by different persons. What claims they have advanced and what a multitude have they gathered around themselves?

Even Arius attracted to himself a million and a half followers and strove and

endeavored to  
sow the seeds of sedition in the Cause of Christ, but eventually the sea of  
Christ surged  
and cast out all the gathering parts and nothing was left behind save ever  
lasting  
valediction.

My friend engage in the promulgation of the Divine Teachings that ye may serve  
in a  
distinguished manner the Oneness of the world of humanity, may be the means of  
the  
propagation of Universal Peace, that the world of mankind nay reflect like unto  
a mirror the  
Divine Kingdom and that the light of the realm on High may shine in the nether  
world.

Convey on my behalf to all the friends and particularly to thy respected  
husband, Mr.  
Waite, the utmost love and kindness.

O! DEAR DAUGHTER

Thy letter was received. It's contents were understood. Thy aim is very high  
and thy  
intention superb. The President of the Republic had beneficial purposes but  
time and  
situation did not comply. All the 14 points which were contained in the  
President's  
proclamation were revealed years ago in the blessed Tablets of Bahá'u'lláh.  
Of them one  
is the universal peace but His most high Bahá'u'lláh clearly says that the  
Assembly of  
Universal Peace must be composed of members from all Nations and Governments,  
even  
from the small States.

Had it been done in this way difficulties would not have arisen. At any rate we pray for the President and supplicate comfort and ease for him so that he may perhaps perceive Divine breathings, may in the latter days of his life attain a new life, attach his heart to the Kingdom of God and be freed from the painful thoughts of this world. For thy sake I was going to write a letter to him but time does not permit. He is at present submerged in sickness and politics. His mind is occupied, such letters have no effect on him.

As to the prisoners since they are in prison they have capacity for education. Therefore thy being in touch with them can bring them to a new consciousness. May it be that some souls among these prisoners may be reformed and become presentations of the Divine Bounties.

With this Tablet was one enclosed for my San Quentin class in answer to a supplication signed by them and sent to the beloved by me.

O YE AFFECTED ONES!

Though imprisonment is calamitous and the cause of discomfort and every prisoner depressed and disappointed; yet his calamity may rise to remorse, free the breast for the understandable Kingdom of God.

If you obtain this freedom to such a degree as to forget the prison, that is to make your hearts occupied with God, act according to the Divine Teachings, meditate humbly day and night and supplicate to the Kingdom of God there will be no doubt that ye will be released from the gloomy conditions and enter the realm of Light.

Then imprisonment shall become freedom, the narrowness of the prison shall turn into hearts invigorating. Space and pains and sorrows shall be changed into

boundless  
happiness.

Now my hope is such that ye may recognize the light of Truth in the darkness of prison,  
that ye may in that narrow confine search for the extensive space of the Kingdom, that ye  
may in that locality of affliction secure heavenly bounty and be directed by Divine  
Guidance so that ye may undergo a second birth and with the fire of the love of God, with  
water of Life, and with the Holy Ghost ye may be baptized. At that time ye shall realize that  
imprisonment was the essence of Divine Beauty, and affliction the cause of the comfort of  
heart and soul.

O THOU WHO ART THE DAUGHTER OF THE KINGDOM

Thy letter has been received. Due to the scarcity of time I write in answer briefly. The body of man which has been formed gradually must similarly be decomposed gradually. this is according to the real material order and Divine Law. If it had been better for it to have been burned after death in its very creation it would have been so planned that the body would automatically become ignited after death, be consumed and turn into ashes. But the Divine Order formulated by the Heavenly Ordinance is that after death this body shall be transformed from one stage to another, different from the preceding one so that according to the relations which exist in the world it may gradually combine and mix with other elements thus going through various stages until it arrives in the vegetable kingdom. There turning into plants and flowers and developing into trees of the highest Paradise, becoming

perfumed and attaining the beauty of color. Cremation suppresses it speedily from attainment to these transformations, the elements becoming so quickly decomposed that transformation to these various stages is checked.

Convey on my behalf my utmost love to thy honored husband. I am supplicating that he may day by day attain to spiritual development as regards the meeting which has been formed in that city. It is my hope that - that Assembly may become illumined and like unto a rose garden and it diffuse sweet fragrances.

Convey on my behalf respectful greetings to Miss Mary Fenn. In reality this dear maid servant of God has arisen in service deserving of the bestowal of the Divine Bounties. I should like to write a letter to the friends in San Diego but scarcity of opportunity - I suffice with a short supplication for them:

"O THOU THE LORD OF HOSTS!

The city of San Diego was like a lifeless body. Now a Breath of the Spirit of Life has wafted over these regions; some souls have arisen from the graves of the world of nature, which is the eternal death! They have been revived through the Holy Ghost and they have started in servitude to Thy Threshold.

O thou affectionate Lord! Bestow upon these feather and wingless birds two heavenly wings and give unto them spiritual strength so that they may soar into limitless space and attain to the apex of the Kingdom of Abhá.

O Lord, strengthen these feeble seedlings so that each one may develop into a fruitful tree exhibiting the utmost freshness and liveliness. Assist them and make them victorious so that they may rout and vanquish the army of ignorance and misapprehension, while lifting up the Banner of Love and Guidance among the people, bestowing like unto the spring breeze freshness and life unto the tree of humanity (giving greenness and life) like unto the Spring shower to the meadows of that continent. O THOU DEAR SERVANT OF GOD!

The details and ideas that thou has written in thy letter was read. The news of the promotion of the Word of God in Los Angeles imparted infinite rejoicing - for in the course of the brief day I was there in that state. I scattered pure seed in rich and virgin grounds. Praise be to God that they are sprouting and day by day the beauty and greenness of the Divine Farm is growing and developing. There is no doubt that the blessings and heavenly "Benediction" shall encircle it and ere long innumerable souls shall allay their thirst from this pure mountain. Praise be to God that meetings are organized and the Holy Fragrances are being diffused.

Thou has written concerning love, marriage, and divorce. Love is the moving principle of all the phenomena. It is the first Divine Grace and its effects are apparent and manifest in all the degrees of existence. Marriage is the essential and the outward fruit of Love. It is the cause of affinity and communication between two souls. This affinity and love

has an  
eternal foundation therefore divorce is abominable and detestable at the  
Threshold of the  
Almighty. For God has desired for man amity not hatred; He has desired for him  
unity and  
not separation. Not with standing this weighty consideration when no harmony  
and accord  
is obtained between two souls and they loathe and abhor each other's  
association and  
both sides feel continual torment and anguish, unquestionably separation from  
each other  
is better because both are suffering and union is impossible. But they must  
take hold of  
this last means when all other resources of reconciliation are exhausted.  
Perchance union  
may appear again and the two souls be united permanently and peacefully. When  
at last  
union becomes impossible of a realization and positively unattainable then  
divorce is  
permitted.

Convey on my behalf respectful greetings to the sweet singing bird of the Rose  
Garden of  
Wisdom Shahnaz Khanum. I always remember her and pray for her conformation and  
assistance.

Upon thee be greetings and praise

EDGAR'S FIRST TABLET

To his honor Mr. Edgar Waite, Los Angeles

Upon him be Bahá'u'lláh-EI-Abhá

HE IS GOD

O THOU WHO ART TURNING THY FACE TO THE KINGDOM

Thy respected wife has written a letter and praised thy character and thy  
conduct; thou has  
become lordly illumined, attracted to the Kingdom, hast secured a share and  
portion from  
the breaths of the Holy Spirit, has attained unto everlasting life and hast  
been gladdened  
and filled with joy. She has also sent the poem which she composed in praise of  
the  
Convention. Verily the verses were in the utmost eloquence and sweetness and  
were the  
cause of the gladness of their hearers. I hope that through the bounties of the

Lord both of  
you may pass our days in the utmost joy and fragrance and become the cause of  
the  
promulgation of the Divine Teachings.

Convey on behalf of 'Abdu'l-Bahá to thy respected wife His wonderful Abhá  
greetings and  
say "The kindness, the training and the education extended to prisoners is an  
exceedingly  
important question, as thou has therefore exerted and effort along that line  
and has  
awakened some of them and hast been the cause of their turning their faces  
toward the  
Divine Kingdom. This praise worthy deed is highly acceptable. Persevere  
assuredly along  
that line.

Convey on my behalf to the two prisoners at San Quentin the utmost kindness and  
tell  
them that prison in the sight of wise souls is the school of training and  
development. Ye  
must strive with heart and soul that ye become famous in character and  
knowledge.

is singing  
the notes of the Divine Musician."
