Garudapurana

Exported from Holy-Writings.com on 2026-06-21 — 1 clipping

Source: GRETIL (gretil.sub.uni-goettingen.de) — Sanskrit academic edition.
Title: Garudapurana. Data entry: (see source file). License: refer to
source file header.
â”€â”€â”€

This GRETIL version has been converted from a custom Devanagari encoding.
Consequently, many word boundaries are not marked by spaces.
The Nagari e-text follows the layout and graphic appearance of the printed
edition very closely. It even adds blanks when a line break cuts through
a word or compound.
These and other irregularities cannot be standardized at present.
After many corrections, the text is in need of further proof reading!

Revisions:
- 2020-07-31: TEI encoding by mass conversion of GRETIL's Sanskrit corpus
