NOTE:

s/s conflation silently standardised

-x marks jihvamuliya, -f marks upadhmaniya

anusvara and visarga are frequently missing, or misplaced

plenty of aisa sandhi, morphology and syntax,

seems to me a pretty archaic Kaula text

This work is quoted by Abhinavagupta in the Paratrimśikavivarana:

PTV p.201: pithesvaryo mahaghora mohayanti muhur muhuh /

Also quoted by Ksemaraja:

pithesvaryo mahaghora mohayanti muhurmuuh || SivSV_1.4:10 ||

iti sritimirodghataproktanitanusaratah || SivSV_1.4:11 ||

This passage is evidently on one of the missing folios.
