Note from Editor

The annual Association for Baha'i Studies conference this year focused on the theme of "Challenges for the New Millennium". Some of the talks presented at the conference inspired the papers that appear in this volume. Also published in this issue, is a special Interfaith Supplement, which includes talks and addresses given by various religious leaders and scholars from throughout the world. The supplement is our dedication to the 50th Anniversary of the Inter-Religious Organisation of Singapore (IRO).

I would like to thank the Reverend Marcus Braybrooke for his help in providing various talks given under the auspices of the World Congress of Faiths organization, and his permission for me to reproduce them here. I would also like to thank Rabbi Mordechai Abergel for providing me with the Jewish talk in the Interfaith Supplement. I am in debt to Antonella Khursheed for type setting the journal, and to Lynette Thomas for the copy editing,
