

[GRETIL-Version vom 17.03.2017]

Revisions:

2017-03-17: 7,16.1 disentangled from commentary by James Fitzgerald

This GRETIL version has been converted from a custom Devanagari encoding.

Therefore, word boundaries are usually not marked by blanks.

These and other irregularities cannot be standardized at present.

The mula text has been checked against the ed. by V.P. Limaye and R.D. Vadekar (Eighteen Principal Upanisads, vol. 1, Poona 1958), and the electronic version available on TITUS. In cases of divergence, preference has usually been given to the printed edition.

The text of the commentary is not proofread!

REFERENCE SYSTEM:

ChUp_n,n.n = mula text

ChUpBh_n,n.n = Samkara's Bhasya

Revisions:

- 2020-07-31: TEI encoding by mass conversion of GRETIL's Sanskrit corpus
