

Input by Christian Ferstl

Variants collated {in pointed brackets}

Examples:

{... S : ... U} records differences between the ed. Sastri 1917 and Unni 1998
(no misprints recorded)

{... : Kha} variant in ms. kha recorded in the ed. Sastri 1917, but not
recorded in Unni 1998 (Sastri's siglum K corresponds to siglum A in the ed.
Unni 1998; Kha corresponds to B)

{... : EF} variants recorded for mss. E and F in the edition Unni 1998)

{... E} insertion or addition in ms. E

S v.l. indicates a variant reading in a ms. used by Sastri (either Ka or Kha,
but not indicated)

If not recorded otherwise, the same readings are found in the editions Unni
1998 and Sastri 1917 (typos in Unni's ed. are not recorded).

(...) = stage direction

[...] = Sanskrit chaya

{...} = variant reading

(1) etc. = end note

Verses have been divided into four padas each, one pada per line.

BOLD for verses
