A reference is assembled consisting of

- a pragmatic abbreviation of the title: Naradapurana = ,
- the number of the in arabic numerals,
- the number of the verse in arabic numerals.

Notes:

This file has been created by mass conversion of GRETIL's Sanskrit corpus from nardp1_u.htm. Due to the heterogeneity of the sources the header markup might be suboptimal. For the sake of transparency the header of the legacy file is documented in the note element below:

Narada-Purana (or Naradiya-Purana), Part 1

Input by members of the Sansknet project
(www.sansknet.org)

This GRETEL version has been converted from a custom Devanagari encoding. Therefore, word boundaries are usually not marked by blanks.

These and other irregularities cannot be standardized at present.
After many corrections, the text is still in need of proof-reading!
